Repair

MZ is able to repair any damaged MZ product. We have in stock all the appropriate spare parts for all of our products for quick repair. e-mail: service@m-z.gr

Materials

All our lights are made of:

- High quality lightweight aluminum material with anti-scratch finish.
- Polished Reflectors.
- High quality Silicone Cable with high heat resistance.
- Barn doors are equipped with protective scrims.
- Metal brackets with Yoke mount.

- High quality ON/OFF switch made in Germany.
- 800W & 1000W lights are equipped with focus function.
- Dimmer is made in Germany and can be used to all lights.

All our tripods are made with high quality lightweight aluminum material.

Bags are made of nylon fabric and inner protective material.

Materials are made within the European Union.

All our Products carry CE MARK.

Warnings & Precautions

- Unplug the light from the wall outlet before cleaning. Do not use liquid. Use only cloth for cleaning.
- Don't touch the lamp with bare hands because you will reduce its life. Put the lamp to the light only with a clean cloth or nylon.
- Don't move the light when the lamp is still warm. Wait for at least 5min for the lamp to get cold.
- Don't put inappropriate lamps to the lights. This might cause overheat to the light and permanent damage. MZ-300 light accepts 150W, 300W or 650W lamps Gx6.35 - MZ-800 light accepts 800W lamp R7S - MZ-1000 accepts 1000W lamp R7S.

- You should always use 120V - 250V appropriate wall outlet. If the wall outlet is not proper there will be serious voltage drop or light damage.
- You should not touch the light while operating. High heat may harm you.

Description

MZ Company is more than 35years in manufacturing Cine & Video products. Our lights have been used to more than 20 countries around the world with great feedbacks. All our range of lights uses high quality materials for durability and unstoppable Professional, Broadcast and Cine use. All our materials are made within the European Union and all our Products carry the CE Mark.

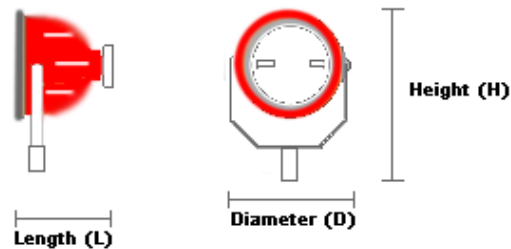

Our Lights are made of high quality lightweight aluminum material with anti-scratch finish and polished reflectors for the best possible light reflectivity. MZ-800 & MZ-1000 lights are equipped with precise & easy to use focus function. All our lights have metal bracket & Yoke mount. The ON/OFF Switch and Dimmer can afford up to 10A current and are made in Germany.

Redhead Tungsten soft lights are still the best selling lights in the world because of each functionality, portability and high light emission. Our lights can reach up to 6600LUX @3m 3200K temperature.
