POWER & CONNECT

1

- 1** Press Power, the Status LED flashes to indicate VidiU mini is booting.
- 2** Connect video via micro HDMI.

GET ONLINE

2

iOS

- 1** Download the VidiU app from the App Store.
- 2** Ensure Bluetooth is enabled on your iOS device, then open the VidiU app and select VidiU mini under the list of Bluetooth devices.
- 3** Select whether you wish to use your iOS device or another network as VidiU's Internet connection.
 - * **iOS device (Personal Hotspot):** The network name is entered automatically. Enter your hotspot's password, if configured, and press Connect. Activate the iOS device's hotspot via the **Settings** menu and wait for it to confirm VidiU mini is connected. Reopen the VidiU app.
 - * **WiFi Network:** If your iOS device is connected to a WiFi network, the **Network** field will be completed automatically. Enter the WiFi network's password and press **Connect** and click **Done**.
- 4** Select VidiU mini under WiFi Devices.

Android/PC

- 1** Connect to VidiU mini's WiFi network: VidiU-mini-XXXXX (serial number of the device).
- 2** Open a web browser and navigate to <http://172.16.1.1>, or find the device using Bonjour.
- 3** Enter the Settings menu and open the Network section to configure VidiU mini's WiFi.
- 4** Once configured, connect your mobile device or computer to the same network as VidiU mini.
- 5** Use the VidiU app (Android) or a Bonjour browser (PC/Mac) to find VidiU mini's new IP address.

CHOOSE A PLATFORM & QUALITY

3

- 1** Using the VidiU app or web UI, enter the Broadcast menu and select Platform.
- 2** Choose a streaming platform– Ustream, Livestream, YouTube, Twitch – or select manual RTMP.
- 3** Enter your credentials or RTMP destination info and press Apply.
- 4** Select your desired Video bitrate and resolution under the Broadcast Quality menu.

Go Live

Start and stop broadcast using the start/stop button on VidiU mini's front panel, or by pressing the green Broadcast button (📶) on the App's dashboard page.
